Mosaic is Experian's system for geodemographic classification of households. It applies the principles of geodemography to consumer household and individual data collated from a number of government and commercial sources. The statistical development of the system was led by Professor Richard Webber in association with Experian in the 1980s and it has been regularly refreshed and ...

Mosaic (geodemography) - Wikipedia

NCSA Mosaic, or simply Mosaic, is the web browser that popularized the World Wide Web and the Internet. It was also a client for earlier internet protocols such as File Transfer Protocol, Network News Transfer Protocol, and Gopher. The browser was named for its support of multiple internet protocols. Its intuitive interface, reliability, Microsoft Windows port and simple installation all ...

Mosaic (web browser) - Wikipedia

A software-based car wash platform used by the best in the business. From petroleum chains to multi-site operators and tunnels to in-bay automatics, Mosaic helps operators to securely manage their businesses from the internet, adding new memberships easily, managing car wash locations remotely, and using valuable data about users to make better decisions.
