Definition. Marketing is defined by the American Marketing Association as "the activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that have value for customers, clients, partners, and society at large." The term developed from the original meaning which referred literally to going to market with goods for sale. From a sales process ...

A SMART goal is a short statement that a person makes to lead them in the direction of what they want to accomplish. SMART stands for Specific, Measurable, Achievable, Relevant and Time-bound. Having goals written in a SMART format ensures that the goal-setter is clear on what they're trying to accomplish, when and how. Whatever...
