### **Full text of "Progressive steps in architectural drawing"**

Considering that I partly got into this field because I wanted to draw, I am happy to report that architects still draw by hand. Every day. Architects won't draw the "pretty" pictures every single day, but they will mix it up, get their eyes off the screen, and put a pen to paper every day.

### **ARCHITECTS STILL DRAW - Progressive Architecture**

This requires that the architectural drawings you create abide by architectural graphic and drawing standards. One of the major considerations for a design-correct architectural drawing is scaling. The actual drawing must be scaled so that it is an accurate and proportional representation of the

dimensions of the building.
