Anti-psychiatry is a movement based on the view that psychiatric treatment is more often damaging than helpful to patients. It considers psychiatry a coercive instrument of oppression due to an unequal power relationship between doctor and patient and a highly subjective diagnostic process. It has been active in various forms for two centuries.

Anti-psychiatry - Wikipedia

Equal opportunity is a state of fairness in which job applicants are treated similarly, unhampered by artificial barriers or prejudices or preferences, except when particular distinctions can be explicitly justified. According to this often complex and contested concept, the intent is that the important jobs in an organization should go to the people who are most qualified - persons most ...

Equal opportunity - Wikipedia

In recent years the cultural study of space, the built environment and natural landscape has challenged western ethnocentric assumptions that everyone experiences space in the same way. This course continues this anthropological investigation, considering the differences and similarities in our ...
